Welcome

3i Construction is a diversified, dynamic national construction contracting leader. We are ready to build your dream in our areas of expertise - construction, design, purpose, and potential.

We adhere to integrity... Integrity requires the integration of a variety of resources by a team of experienced professionals who take pride in performing their job with a standard of excellence beyond approach. We are dedicated to fostering each individual's potential to achieve team-oriented success for all of your project requirements.

We introduce innovation... Innovation is our direct approach for visionary and meticulous planning to deliver consistent success for the development of capital partnership, architecture, construction, and consultation in the office, retail, residential, education, public works, and entertainment venue construction industry.

We communicate information... Information is a key component to constructing an efficient and economical product, with the highest quality. Our team of individuals possess essential qualities to hear your dream and develop raw materials into something of exceptional value. We have the potential to access resources necessary to meet flexible commitments for all of your open projects. We are driven to achieve your trust and partnership.
